Application No.: 09/973,088

Amendment Dated 29 March 2006

Reply to Office Action of 29 December 2005

AMENDMENTS TO THE CLAIMS

This Listing of Claims will replace all prior versions, including listings, of claims in the application.

Listing of Claims

Claim 1 (previously presented): A method for regenerating transgenic plants of pine of the genus *Pinus* subgenus *Pinus* which comprises:

incubating pine cells of the *Pinus* subgenus with *Agrobacterium* for *Agrobacterium* transformation;

minimizing damage to cells subsequent to Agrobacterium infection by washing cells with a liquid culture medium comprising inorganic nutrients, vitamins, amino acids, a carbohydrate source and an Agrobacterium eradicant, wherein said damage is physical damage to the cells and loss of the cells and wherein minimized damage is assessed by time period to regain pre-transformation growth rate;

selecting transformed cells;

culturing said transformed cells to produce transgenic somatic embryos; and germinating said transgenic somatic embryos to produce transgenic plants.

Claim 2 (currently amended): The method of claim 1, wherein said damage to cells is minimized by:

- (a) suspending cells having been incubated with Agrobacterium in a the liquid culture medium;
- (b) agitating said liquid culture medium containing suspended cells to wash the cells and remove Agrobacterium; and
 - (c) recovering washed cells with minimal damage.
